

Jesus: God's Final Word

Our High Priest Forever

Hebrews 8

The point of it all ...

For the believers addressed in Hebrews:

Everything you _____, _____, and _____ in the Old Covenant was a shadow of something _____.

God gave Moses a _____ of something better that only Jesus could give to us:

_____.

Jesus ...

The one _____ is our sacrifice

The one who offers us _____ we most need

The one who is _____ the Father is for our sake

The one who is _____ we are reconciled to God and remade into Christ's image

The Old Covenant was "faulty" (unable to accomplish what it foreshadowed).

Why was it faulty?

It could never touch _____!

It could show the _____ for forgiveness and grace, but it could not _____.

The New Covenant (in and thru Christ) can and does!

For us today (mostly Gentile):

God has been accomplishing throughout history a glorious and all-encompassing plan and _____.

This plan goes far beyond offering _____ and _____ that have a *limited* effect. This plan offers _____ that has *eternal* effect.

God _____ with you through Christ to ...

Change your _____

Change your _____

Show you _____

Give you _____

A final few things to remember ...

"Obsolete" doesn't mean _____. It simply means _____ something new. The New Covenant _____ the Old Covenant. It is the God-designed *continuation* of His grand plan of redemption, from *shadow to fulfillment*.

Also, the Old _____ is what is "obsolete", not the Old _____.

The Old Testament is still *immeasurably valuable* to us, mostly because it _____.

But _____ will ever give you what you need, take you where you want to go, or enable you to _____ and _____ God the Father!

What I intend to *do* with what I've heard:
